

# BROADBAND PANEL

## AKK/2

Mod.	Freq. Mhz	Imped	SWR	Gain	Conn.	Power	Pol.	Dimens. Cm	Weight
AKK/2	87.5-108	50 ohm	< 1.2:1	7.5 dbd	7/8"	5KW	V/H	248x174x78	45kg

### NOTE:

Broadband Directional Panels ;  
very sturdy construction, made of  
stainless steel.

All insulators are made of PTFE with  
stainless steel screws.

AKK/2 is suitable for high power  
radiating systems. Both vertical and  
horizontal polarization are available.  
When panels are mounted on the four  
sides of the tower a circular radiation  
pattern can be obtained.

### RADIATION PATTERN
